RI 32 -See items on the Addendum

4624 September 14, 1959 S. W. Braverman

4651 June 7, 1960 W. H. Preston, Jr.

~~4652~~ March 16, 1960 R. B. Thornton

4654 March 16, 1960 R. B. Thornton

4669 April 11, 1960 P.K. Soderholm

4673 July 11, 1960 W. L. Corley

4681 August 1, 1960 R. B. Thornton

4683 July 26, 1960 W. H. Skrdla

Please note that 22 items of RI 32 are listed on the 25th and 26th page of the report as an addendum and do not appear in the numerical sequence of PI numbers of the main body of the quarterly summary.

The summary of re-identifications of Service Lots and Re-identification Lists for the quarter July-September has been arranged in sequence of PI numbers and reference made to country of origin, original identification, and authority.

The asterisk designates the identification as of record in the New Crops Research Branch files at Beltsville. A copy of the Service Lot identifications has been returned to the cooperator who submitted the plant specimens.

Please post these re-identification in your copy of the Printed Inventory and your accession files.

The addendum to the Summary includes the 22 items of RI 32 that were received too late to be included in the numerical sequence of PI numbers of the main summary.
